Chris Klar, President  
McFarland Village Board  
5106 Terminal Drive  
McFarland, WI 53558

Chris:

*As a citizen of the Village of McFarland, and also a resident of Skaalen Village in McFarland, I am very concerned about the option-to-purchase of the Schuetz Parkland property. This item definitely needs to be on the Board's Agenda again, and the decision to go ahead with the option-to-purchase as was originally set up needs to be done NOW!*

*This is a once in a lifetime opportunity which will be totally lost forever for the citizens of the Village of McFarland, the community as a whole - including all ages, surrounding townships in the county and beyond for the entire State of Wisconsin. We don't need more building projects/developments in this pristine nature area to result in : street traffic adding noise and air pollution and contaminating water run-off to steal this valuable parkland away. These parklands need to be preserved NOW!*

*PLEASE -- let's not lock the barn-door after the horse is stolen!!!*

*Sincerely,*
